Subject: Letter of recommendation RED SEAL

To whom it may concern;

It is my sincere pleasure to provide this letter of recommendation for RED SEAL INDUSTRIAL COATINGS INC. I've worked closely with Christopher Mock and his highly skilled crew as they completed their scope of work at the **Fort St. James Bio- Mass Power Plant** project (RSIC contract value \$500k).

I have been consistently impressed by their professional approach from management, workmanship, safety, and reliability. Their tremendous commitment to providing quality service and depth of technical knowledge have been extremely helpful throughout the entire project. I would recommend RED SEAL INDUSTRIAL COATINGS INC without reservation.

Sincerely,

Johannes Rosner

Mechanical Sup. & Commissioning Engineer

To whom it may concern,

I have worked closely with Red Seal Industrial Coatings Inc. at the Ft. St. James Bio-Mass Project as Safety Advisor for Iberdrola Energy Projects. I found their commitment to Safety Compliance to be of the highest standard in the industry. Christopher Mock and his crew put safety first and their proactive approach to potential issues created a standard all companies should strive for. It is without reservation that I would recommend Red Seal Industrial Coatings.

Regards,

Dean Miller COHS NCSO

IBERDROLA ENERGY PROJECTS INC

Site Health and Safety Advisor,

Fort St. James Biomass Project

To Whom It May Concern:

**RE: Red Seal Coatings Inc.**

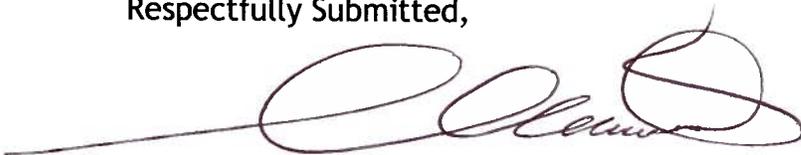

I am writing this letter of recommendation for Christopher Mock for Red Seal Coatings Inc. I have worked with Chris and his company for the past seven years and will continue to retain his services for any of our painting or coating requirements.

Red Seal has performed exemplary work on the following at Kitimat General Hospital: Exterior light post painting, exterior cladding finishes, exterior high work with sanding/painting fascia and trim. Red Seal Coatings is involved with our ongoing client room refurbishment program in both Acute Care and Mountainview Lodge areas.

Chris is committed to making safety a priority, this was clearly evident with the consult and plan while performing the high work (lights and fascia finishing). This company is very prompt with response and delivery of services, a quality to be admired when there's much economic activity in the region.

I trust that if you have any questions at all about the excellent quality of Red Seal Coatings, you can give me a call at my number cited above.

Respectfully Submitted,

Cindy Harmel - ASCT, RPA  
Chief Engineer, Maintenance Supervisor
